**From The Editor - *Ray Smith***

We haven't had a meeting since the last news letter, this is just to jerk your chain so that you will attend the next meeting. I don't know of any planned program for the next meeting so bring lots of show and tell, favorite jigs, new tools or any thing else you might want to show. Several short demonstrations might also be in order. (Hey Earl Creel, why don't you give us a demo on that mortise maker you brought in?)

*Ray*

**From The Treasurer -**

*Wendell Parks*

The annual membership dues, \$20, is due and payable at the next meeting. Cutoff date is either March first or the March meeting, **need to look that up**, so don't forget to pay up.

*Wendell*

**President's Corner - *Gary Vreeland***

Make sure to attend the January meeting. This is the time when new officers are selected and the 2007 direction of the guild is determined. Your input is needed to guide the new officers and the board of directors in the direction that YOU want the guild to go. This organization, like many others, seems to fall into the 80/20 syndrome. That is where 20% of the members do 80% of the work. This is your chance to make your voice heard. Tell them what you want the guild to be. Your silence leaves them to do what they THINK you want it to be. For example, Les has gone to considerable effort this past year to share his wealth of woodworking skills. Each time, a small turn out for a group of our size. Give them a sign, everyone will benefit from it.

Thank you to everyone who has assisted me in my term as appointed president.

Gary
